VISITORS

Members of the same family tree...

Carla Kim and me.

With the arrival in California on 2-1-2017 of Carla an Kim...

Our fun time did begin.

There was much to see and do

Because everyplace for them was new.

Enclosed this memory book

So you can often have a look...

Of all the things you got to do and see...

That will trigger a lovely memory.

My apology...

This booklet is not the best quality

Because it was created in a hurry

Most pictures turned out to be blurry.

Carla and Kim it was nice to have you here

But tomorrow 2-11-2017 you will again disappear.

Again out of sight

But I wish you a good and safe flight.

Bob and Patsy

So glad you came on 02-04-2017 to see me.

Not a big undertaking....

But For 40 years the plans were in the making.

And while here to see me...

You met more Dutch family

We had a terrific time together

In beautiful Desert weather

Each of us an independent...

Keijsers descendant.

In common...we have much

So let's keep in touch.

Hope in the future there will be more meetings...

In the meantime for all I send many greetings.

In conclusion I say...

Love from Jose
