MEMORIES OF JOHN Mc GOVERN

**John lived a long and happy life...
With Jacky as his wife.**

**For years we were able to see...
Him as a KLM employee.**

**Yes, we all had it made...
While he handled our flying upgrades.**

**After his career...
He became a dependable Hospital Volunteer.**

**And in between...
At many a party he was seen.**

**I looked thru my albums today...
And all I can say...**

**John knew it was worth...
Making the best of his time on earth...**

**So at the end he would enter a place...
Where again he would meet every remembering face.**

**And he knew in his mind...
He will meet again the ones he leaves behind.**

**John you have been a dear friend...
Till the end.**

**We will again meet...
and re-greet**

Marie Jose Temmink

**This pair...
Had a long and happy love affair.
John for now, Jackie you left behind...
But till you meet again you will remain in her mind**

**It did not take much
persuasion...
To be dressed for any
occasion.**

**Always looking good...
And always in a good
mood.**

**Forgetting we can not ...
That dining with friends we did
a lot**

**Always kept in touch...
And we visited each others homes much.**

**Had to remember where...
But it was a Weekend at Big Bear**

**Real fine...
By Gerry and Hein.**

A stroll with a rest stop was easy to reach... in Long Beach.

Carried your friend...
When unexpected at a young age he had reached his end.

John...
Many amongst our friends are already gone.

We send love and a greeting...
For all you will be meeting.

And I know you all will wait
For any of us at the gait

In the meantime we will be strong...
For however long.
